S.W.O.R.D. INTERNATIONAL

PRECISION RIFLE COURSE (LEVEL 1)

» COURSE DESCRIPTION

This course is designed to give you, the shooter, the tools needed to achieve first round hits on targets at distances relative to the weapon system and caliber used. All the information will be delivered and applied on the range allowing for the collection of data (D.O.P.E.), applying new techniques and focusing on areas that need attention in order to make you a better shooter. Targets will be moved during the range time to allow the collection of D.O.P.E. at locations other than the standard 100 yard/meter increments. We will be shooting known and unknown distances out to 1000yds.

TOPICS COVERED:

- Rifle Set-up
- Fundamentals
- Range Estimation
- Creating Range Cards
- Wind Reading/Estimation
- Ballistic Software
- Spotting and Corrections
- Data Collection
- Intro to Positional Shooting
- Night/Lowlight Engagements (additional)
